We offer a number of purchase options for acquiring our eBooks

Major annual subject collections

We offer major annual subject collections in Law, Business & Management, Economics, Sociology, Social Policy & Education, Geography, Planning & Tourism, Political Science & Public Policy. These are non-overlapping and provide the most cost effective way of acquiring our eBooks.

Subject specific collections

Targeted collections in over 90 different subject areas containing books published from 1994 to the end of last year. These collections include monographs, Handbooks, dictionaries and Research Literature Reviews. 13 of these collections comprise only reference works. Available on perpetual access.

Essentials collections

We have used citation, sales, and Elgaronline usage data to curate these collections of titles that have stood the test of time in key areas of our list. Featuring wide ranges of topics and written by geographically and ideologically diverse selections of our authors, these are essential collections for libraries building well-rounded and comprehensive collections. Containing books published from 1994 to the end of last year.

Handbook collections

Our authoritative Handbooks comprise specially commissioned, peer reviewed, original chapters offering comprehensive analyses of each topic. Our Handbooks are unique in their research focus and, in many cases, the cross disciplinary nature of the topics.

Tailored collections

This model allows you to customise your selection from across our whole eBook list. Pick and choose a minimum of 30 titles from across our list to fit the needs of your library. Tell us your budget, the subject areas you are interested in, or a range of publication dates and we can give you a proposal. Available on perpetual access.

Practitioner law collections

Our professional law programme includes books to support practising lawyers in their research and day-to-day client work. Our Law and Practice series offers rigorous analysis of substantive law, often covering elements of practice and procedure, and cross border issues. Elgar Commentaries are authoritative reference works, providing detailed interpretation of treaties, regulations and other legislative instruments. Elgar Practical Guides and Elgar Compliance Guides are aimed at those who require applied practical guidance on the procedural, commercial and substantive aspects of their legal work.

Elgar Guides to Teaching

Teaching Social Policy

International, Comparative and Global Perspectives

Edited by Zoë Irving, University of York, UK

'Boosting an excellent array of contributors, this refreshing and insightful guide supports instructors in reimagining and recontextualizing established debates, and asserting the racialised and patriarchal underpinnings of social policy. Whether you are thinking of developing a new course, unit or programme, or updating and revising established material, this text is a "must-read." It is also relevant for all instructors seeking to move the empirical and analytical focus of their teaching beyond national boundaries, thereby increasing the relevance and appeal to a diverse student body.'

Digital Transitions and Innovation in Construction Value Chains

Industrial Relations and Equitable Socio-technical Change
Edited by Serena Rugiero and Daniele Di Nunzio, Fondazione Di Vittorio, Italy

'At last, a book that carefully considers both the potential dangers of digitalisation as well as the benefits for the construction workforce, including through improved work organisation and qualifications, if social partners - and especially the unions - across Europe, play a key role in its implementation, control and monitoring. This should be essential reading for all those concerned with innovation, industrial relations, and achieving an equitable society.'

Handbook of Critical Studies of Artificial Intelligence

Edited by Simon Lindgren, Umeå University, Sweden

'AI has proliferated in everyday life. Virtual assistants such as Alexa and Siri are present on our phones and in our homes. More and more people use robotic lawnmowers and robot hoovers. There are bots on the Internet that post, comment, and like. Robots and AI have changed the world of work. ChatGPT has given us an impression of how online search could look like in the future. The world's largest military forces are investing heavily into the development of AI. We need to better understand what impacts AI has on society. For doing so, we need critical theories and analysis of AI. The Handbook of Critical Studies of Artificial Intelligence provides 75 chapters that help us to better understand what it means to critically study AI in society. This book is excellent reading for everyone interested in AI & society.'

The Urban Now

Living in an Age of Urban Globalism

John Rennie Short, University of Maryland, Baltimore County, US

'The Urban Now is a brilliant synthesis of John Rennie Short's recent work that covers the gambit of topics like globalization, climate change, the COVID-19 pandemic, and the informal economy while weaving in wonderful chapters to connect our daily experiences of the city in all its magic and its dangers. Despite the various crises and problems discussed in the book, it is remarkably positive and, writing with characteristic clarity and buoyancy, Short demonstrates yet again his wonderful ability to make what can be complicated, accessible and a joy to read.'

Research Handbook of Global Families

Implications for Theory and Practice

Edited by Yvonne Kallane, University of Notre Dame (WA), Australia, Joanne Mutter, University of Auckland Business School and Heidi Collins, University of Auckland, New Zealand

'This excellent book illustrates the value of bridging disciplinary boundaries when it comes to studying global families. Including chapters that describe the full gamut of diverse global family experiences, and covering both traditional (e.g., expatriate family adjustment) and emerging (e.g., migrant and transnational families) topics, it highlights rigorous academic research with very real implications for individuals, families, and organizations. The volume is a must read to everyone interested in global mobility.'
